B. The Baltic University Programme at Uppsala University
1. Supports the participating university with course material, including booklets, books and videotapes.
2. Invites, in cooperation with the national Baltic University Programme centre, to the extent that places are available, students and teachers from the university to take part in seminars, courses and conferences on relevant themes as well as teacher training on the courses.
3. Issues, together with the university, a diploma for each student who has successfully passed the course according to the requirements.
