

Dear Sir / Madam,

We would like to invite environmental sciences/management and ecology students from all over Europe to Latvia for the **5th European Environmental sciences student summer camp** called **EURENSSA 2010** (EUROpean ENvironmental Sciences Student Association). Attached you will find program and a small poster of EURENSSA 2010.

We kindly ask you to pass this information further to anybody who would be interested in it. Thank you in advance for your help!

ABOUT EURENSSA

EURENSSA 2010 is one week **open-air meeting** of environmental sciences and ecology students from all over Europe which this year will take place in Latvia from **18th – 24rd July 2010**. It is organized by the members of Student Association of geology, geography and earth science in collaboration with the faculty of Geography and Earth sciences (the University of Latvia) and Institute of Energy Systems and Environment (Riga Technical University).

The idea of EURENSSA is to learn more about the environment and its related subjects during various field trips and lectures held by professors and experts, to gain on-hand experience during team-work and discussions, to share experience during presentations and many other events. EURENSSA is a possibility to apply your unique knowledge in a different environment, to compare the aspects of environmental sciences in various countries and to get to know the experience in environmental sciences internationally. Another important aspect of EURENSSA is to get contacts, to get to know each other, and to have a lot of fun, of course :)

The topic for EURENSSA 2010 is “Environmentally friendly management and every day actions”. It includes such themes as sustainable forestry, organic farming and protected nature area management in Latvia; factory’s environmental policy; old Soviet military bases as bad example of environmental governance and how to manage this kind of polluted areas today; *“Leave no trace”* principles and application in practice; the best examples of environmentally friendly management and every day actions from different countries and a rich cultural program.

The official language at the meeting is English. The participation fee is 80 Euros for participants from EU countries, Iceland, Norway, Switzerland **and 40 Euros** for participants who need visa for entering Latvia. You can find more information about EURENSSA 2010 together with the application form on **www.eurensa2010.lv**.

Hope to see you in Latvia!

Maija Vanaga
president of EURENSSA 2010
and team :)
